

## PILLOWCASES

These instructions are for encasing accent borders for pillowcase in one step.

Supplies:

$\frac{3}{4}$  yd. for standard pillow

$\frac{7}{8}$  yd for queen

1 yd for king

10 x 42 in border fabric

2  $\frac{1}{2}$  x 42 inch accent fabric

use  $\frac{1}{4}$  inch seam throughout

1. Place the 10" border RIGHT side up.
2. Place the pillowcase body on top of it with RIGHT side up.
3. Place the FOLDED small accent piece on top of body with folded edge toward bottom.
4. Roll the body up toward the cut edge. Note do not include this end in seam.
5. Fold the 10" border from the bottom over all the pieces so that you are looking at the wrong side of it and all cut edges except for bottom of the body are lined up for sewing.
6. Stitch across the top and turn the 10" border inside out so that all right sides are on the outside.
7. Fold the piece in half lengthwise. Make French seam or serge the side. Stitch the bottom edge.
